----- Crysis 2 is the sequel to the award winning game Crysis. Just as with the first game, the characters in this game have been made even more realistic. The game has been updated to take advantage of the new hardware such as NVIDIA® GeForce GTX 480, GTX 295, GTX 260 and GTX 160. The game has been optimized to take advantage of the new hardware features and introduces a new DirectX 11 engine called Nova. This allows the developers to further increase the impact of the game environments. Crysis 2 Screensaver is compatible with

Windows XP, Vista and Windows 7. There is a limitation to Crysis 2 Screensaver that you may want to consider: You can ONLY use the new NVIDIA GeForce GTX 480 and the NVIDIA GeForce GTX 295 as NVIDIA graphics cards. The following features are included with Crysis 2 Screensaver: - a detailed manual included in the download with instructions on how to use the screensaver. - the screensaver is not developed by NVIDIA. It is developed by a 3rd party. - it works on most NVIDIA and AMD graphic cards Rise of the Ancients Screensaver 2010 is the free screensaver from Xiled Software that displays your desktop with

gorgeous images from the Rise of the Ancients game, developed by Xiled Software. The screensaver displays an infinite number of images of high quality from the Rise of the Ancients game. Each image is randomly generated and then scaled up to fit your monitor. The screensaver is compatible with Windows XP, Vista and Windows 7. Note: It's recommended that you use a screensaver with random effects that is suitable for NVIDIA hardware. Rise of the Ancients Screensaver 2010 is included with:

- * Rise of the Ancients
- * Rise of the Ancients Defense
- * Rise of the Ancients Upgrade
- * Rise of the Ancients Free Upgrades
- * Rise of

the Ancients The Game * Rise of
the Ancients Dreams * Rise of the
